Bringing Out the Facts.

We want to make it as strong as we know how—

That we will give you better Lumber at the same price, or equal grades at a lower price than elsewhere.

We believe first, in giving the best lumber that money can buy, and then in making the price as low as possible for that kind of lumber. And still we defy you to find lower prices than our.

If you leave our yard dissatisfied, it's your own fault, because we do our level best to please every customer who buys building material here—even to giving him the best stock and the lowest prices.

If that won't satisfy you—what will? Any way, be sure and see us before buying; not afterwards.
